## IN THE SPECIFICATION:

Please amendment the specification as shown below:

Replace the paragraph beginning at page 4, line 31, with the following paragraph: As it is a platform conceived to operate in diverse environments, in preferred embodiments, there are separations  $\underline{S}$  inside the body of the platform for the most usual tools  $\underline{T}$ , such as pliers, spanners, sanding tools, welding electrodes, etc., complementing the concept of portability and self-sufficiency in diverse environment.

After the paragraph beginning at page 5, line 15, insert the following paragraph:

Figure 7A is another perspective view of the embodiment shown in Figure 7,

showing separations located inside the body of the platform.
